源向我公司提出书面复议申请，逾期未申请的，视为认可本报告。

检测报告

一、基本信息

A colorful, abstract, pixelated landscape. The top half features a blue sky with white, pixelated clouds. Below the sky is a green ground area with various colored shapes, including red, yellow, and blue. The bottom half of the image is a solid black area. The overall style is reminiscent of early digital art or a low-resolution digital painting.

Figure 1 illustrates the experimental setup. A participant is seated at a table, looking at a screen. On the screen, a 3D model of a hand is shown, and a 2D image of a target is displayed. The participant is instructed to move the hand to the target. The diagram includes labels for the participant, the screen, the hand, and the target.

A large, abstract, colorful pattern resembling a stylized, multi-colored 'X' or a complex geometric design. The pattern is composed of many small, overlapping shapes and lines in various colors including red, orange, yellow, green, blue, and purple. The pattern is dense and intricate, filling the entire frame.
